

LEGRAND* HOME NETWORK ETHERNET SWITCH - 10/100 MBITS - MULTIMEDIA MODULAR SYSTEM - IN ONE

Caracteristici tehnice
Create a multimedia network to your specification
Ethernet switches
4 + 1 RJ 45 ports Ethernet network switches
10/100 Mbits
4 DIN module
Caracteristici generale
Home network - create your enclosure
This modular multimedia system fits in any DIN cabinet (easy plug) and in a 19” cabinet with the multi-application DIN rail kit
It enables distribution in the home of phone, data, internet on RJ 45 and TV over coaxial
Each RJ 45 can be assigned to a different application via patch cords, using the same network, therefore giving maximum flexibility
Aesthetics and look of the enclosure designed to give maximum satisfaction
No visible cable or patch cords
Using RJ 45 connectors ensures solid networks over time and reduces maintenance
Pret: 585,40 LEI (TVA inclus)
