

LEGRAND* HEAT DETECTOR - PENTRU FIRE ALARM PANEL - SUPPLIED CU BASE - THRESHOLD OF 60 °C

Caracteristici tehnice
Automatic sensors for fire detection and alarm panels
Heat sensor
Conform to EN 54-5 standard and CE CPR approved
Detects temperature rise with threshold of 60°C
Average detection area: 30 m²
Supplied with its standard base
Caracteristici generale
Fire detection and alarm panels, automatic sensors
Pret: 365,81 LEI (TVA inclus)
