

DAR LIGHTING GROUP APLICA ADYSON HALF-MOON ADJUSTABLE OUTDOOR WALL LIGHT MATT GREY IP65 LED

The Adyson wall light is a die cast aluminium LED wall fitting in a tough powder-coated anthracite matt grey finish paired with an opal acrylic shade. This indoor-outdoor light fitting is a wall washer light, which means it bathes the wall with illumination rather than having a focused beam. With a neat semi-circular form, you can fix it at any angle; the outer part has a 180° rotation angle which allows you to have fun creating different lighting effects. Great for highlighting textured surfaces or for adding interest to a large expanse of plain wall without creating glare. Integrated warm white LED. Rated IP65 for water ingress protection, suitable for both indoor (including bathroom zones 1 & 2) and outdoor use.Measurements D7.5 x H min11 - max19 x W19cm
Fixing Plate Dimensions D11 x H18 x W8cm
Finish Matt Grey,White Frosted Plastic
