IEK TERMOCONTRACTIBIL KNN-10 3X150/240CU IZOLATIE DIN HARTIE

Cable end couplers for indoor installation of KVtp-10C mark and for outdoor installation of KNtP-10 mark are designed for connection of consumers to the electrical supply network using 3-core power cables with paper insulation with armor and without armor for voltages up to 10 kV AC, 50 Hz. According to its characteristics, the couplers meet the requirements of GOST 13781.0. The couplers are designed for mounting on cables, type AAG-10, AAShV-10, AAVl-10, AAPl-10, ASG-10, ASVlShV-10, SG-10, SShV-10, SVShV-10, SV-10, SVG-10, their analogues and modifications.Wide range with several options of complete set of couplings: without lugs, with lugs bolted with shear heads.
Reliable design of couplings using special heat-shrinkable oil-resistant tubes.
Absolute tightness of couplings due to the use of high-quality heat-shrinkable materials.
Manufacturer's marking on all components.Suitable for: EV009729
Model: EV004267
Voltage row: EV004261
Nominal cross section: 150...240
Type of insulation material: IEK_V0000183
Installation Type: IEK_V0000185
Complete set: IEK_V0000188
Number of cores wiring: 3
Tip Type: IEK_V0000190
Attachment of the grounding bus to the cable: EV000764
Nominal voltage: 10
Material: IEK_V0000193
Min full shrinkage temperature: 120
Operating temperature range: -45...+50
Shrink rate: EV009535
Grounding bus Material: EV004186
External grounding bus attachment: IEK_V0000194
Number of conductors: 3

Pret: 388,99 LEI (TVA inclus)
