IEK PRELUNGITOR U 02 2 PRIZAS 2P+PE/5 METERS 3X1MM2 16A/250

These extensions are intended for household purposes, in offices or a country house for connecting various electric equipment (household appliances, industrial instruments etc.). Different variants of plugs and sockets (flat or round, with or without grounding) in the amount from 2 to 6 female sockets provide for connecting any electric units with capacity up to 3500 W.Body is made of electrically safe self-extinguishing plastic. Do not lose color or fade with time, crack or split under mechanical stress.
Socket construction allows connecting both flat and round male plugs.
Extension cords have non-crackable cladding with double insulation resistant to deformation under temperatures up to +70 °C.
Copper stranded conductors ensuring boosted flexibility.
Switch provides for disconnecting electric units not taking the plug out of the socket.Material quality: EV000154
Length of power cord: 5
Length of power cord: 5
Surface protection: EV006034
Number of socket outlets with protective contact: 2
Number of cold device socket outlets: 2
Number of other socket outlets: 0
Number of Euro socket outlets: 2
Max load power: 3500
Material: EV000139
Nominal current: 16
Nominal frequency: 50
Number of socket outlets total: 2
Core cross section: 1,0
Degree of protection (IP): EV006405
Ambient temperature: 1...35
Type of surface: EV000146

Angle rotated central insert: EV003649
Housing shape: EV000220
Colour: EV000202
Pret: 53,60 LEI (TVA inclus)
