

SCHNEIDER SPACELOGIC, SENZOR SCD2, FARA LCD, ANALOG, 2%RH, TEMPERATURA TRANSMISOR, CO2

gama de produse: SpaceLogic
Tip produs sau componenta: Senzor
Tip de masurare: Temperatura
CO2
aplicatie a dispozitivului: HVAC
Indoor air quality (IAQ)
locatie: De interior
Certificat calibrare: Humidity: replaceable RH element available in 1% & 2% with NIST
CO2:
Tip senzor: NDIR (non-dispersive infrared) CO2
Solid state temperatura
Transmitter temperatura
CO2 measurement accuracy: +/- 30 ppm + 3 % of reading
CO2 measurement range: 0...2000 ppm
0...5000 ppm
CO2 measurement repeatability: +/- 20 ppm +/- 1 % of measured value
Culoare: Duct:black and green
tip de retea de comunicatie: Cablat
conexiuni - borne: Borna fara surub
material carcasa: Carcas? rezistent? din policarbonat
Humidity measurement accuracy: +/- 2 % 0...100 % RH
Umiditate relativa: 0…95 % RH, fara condensare
Tip iesire analogica: 4...20 mA
0...5 V DC
0...10 V DC
tip de iesire: Analogic

Standarde: EN 61000
EN 61000-6-2
EN 61000-6-3
EN 61326-1
UL 916
FCC Partea 15 clasa A
REACH
ICES-003
RoHS
Umiditate relativa de depozitare: 0…95 % RH, fara condensare
[Us] tensiune de alimentare nominala: 20...30 V c.c.
24 V c.a.
Precizie masurare temperatura: +/- 0.2 °C
temperatura de masurare: 0…50 °C
Temperature resolution: 0,1 °C
VOC measurement accuracy: +/- 15 %
VOC measurement range: 0...100 °C
nume produs: Plant Room Air Quality Sensor
marca de produs: Schneider Electric
Gama: SCD2 Series
Regiune vizata: Middle East and Africa.
Europa
North America.
segment de piata: Cladiri
grad de protectie IP: IP65
Pret: 2.972,18 LEI (TVA inclus)
