

Furnizor: **Sc Trivolt Distribution SRL**
Reg. com.: J23/3300/2016
CIF: RO36421140
Adresa: Strada Apusului nr 3 (primul
sens giratoriu Tehodor Pallady-
Autostrada Soarelui), Catelu, Ilfov
Banca: BRD
IBAN: RO34BRDE441SV13182234410

ELSTEAD-LIGHTING SPOT PENTRU EXTERIOR BRONZE IN-GROUND
TILTABLE SPOTLIGHT Å€" AGED BRONZE

Dimensions 16 × 19 × 16 cm

Fitting Height: 146mm

Width: 190mm

Finish: Aged Bronze

Class: Class III

IP Rating: IP44

Number of lamps: Three

Maximum Wattage: 1

Integrated LED: Yes

Voltage: 12v

Energy Rating: A+ + - A

Build Materials: Cast Bronze

Brand: Garden Zone

Family: Bronze

Interior/Exterior: Exterior

Product Style: Landscape Lighting

Product Type: Spot Lights Made in England: No

Barcode: 5024005501107

PLUG & GO: HOW IT WORKS

Step 1: Choose the areas you want to have lit, then we suggest that you sketch a rough plan view of each area involved.

Step 2: Choose the fittings which will suit the requirements and list them out with the quantity of each where relevant. Be careful to bear in mind the voltage of the fittings chosen. All 220-240V fittings will need mains supply to wherever they are to be installed whereas all plug & go models just need to be connected into the low voltage cable (as shown below).

Step 3: Measure the distance involved for the plug & go models chosen and determine, from the cable set options available which cable set or sets will be needed. Remember, up to 80 metres of cable can be used from 1 LED driver but the wattage loading must not exceed the recommended minimum, maximum (see accessories page 209).

Step 4: Plan where the mains supply will originate from. With the plug & go system you have a choice of placing the LED driver/drivers in an IP rated wall box on an exterior wall. However, depending on how large an area is involved, sometimes more than one mains feed may be needed in different locations. Consultation with an electrician is advisable on this matter.

Important

Plug & go fittings use a unique single pin, 2 pole plug and as such are not compatible with any other product or system. Currently they are not dimmable but they will work when wired via a timer.

Pret: 1 486,92 lei (TVA inclus)
