10 year warranty against structural failure  
All Norlys products are designed to have high-grade performance, striking visual appearance and when maintained properly will give many years of good service. To support this, their product warranties differ for each type of material.  
All copper parts on Norlys products are guaranteed against structural failure for 10 years. This includes use in coastal regions. (Once installed, copper will immediately start to develop a natural patina, darkening over time)  
On Norlys products, electrical components have 5 years warranty and PIR sensors have 2 years warranty.
