

ATyS p sunt inversoare automate de surse trifazate cu 3 sau 4 poli cu indicare a pozitiei de comutare. Acestea incorporeaza toate functiile oferite de ATyS t si g, precum si functiile destinate pentru monitorizarea consumului de energie si comunicatie. In modul automat acestea permit monitorizarea si comutarea in sarcina a doua surse de alimentare, in conformitate cu parametrii configurati prin intermediul unui afisaj LCD sau prin interfata de comunicatie.

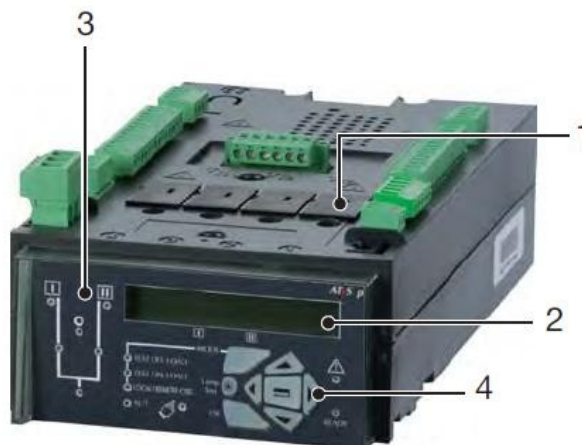

Curent: 1000A
Nr. poli: 3

The technical drawings show the motor mounting dimensions for the 600 Series. The main drawing is a top view of the motor assembly, showing the motor body (yellow) and the mounting base (white). Key dimensions include:

- Overall Width:** 320
- Motor Body Width:** 119
- Mounting Base Width:** 161
- Mounting Base Height:** 10.5
- Mounting Base Depth:** 223
- Mounting Base Thickness:** 28
- Mounting Base Material:** Cast Iron (CI)
- Mounting Base Part Number:** 600-100-000
- Mounting Base Weight:** 1.5 kg
- Mounting Base Material:** Cast Iron (CI)
- Mounting Base Part Number:** 600-100-000
- Mounting Base Weight:** 1.5 kg

Detailed dimension labels from the drawing include:

- A:** Overall width of the mounting base.
- B:** Distance between mounting holes.
- C:** Total length of the assembly.
- D:** Distance from the motor body to the mounting base.
- E:** Distance from the motor body to the mounting base.
- F:** Distance between mounting holes.
- G:** Distance between mounting holes.
- H:** Distance between mounting holes.
- I:** Distance between mounting holes.
- J:** Distance between mounting holes.
- K:** Distance between mounting holes.
- L:** Distance between mounting holes.
- M:** Distance between mounting holes.
- N:** Distance between mounting holes.
- O:** Distance between mounting holes.
- P:** Distance between mounting holes.
- Q:** Distance between mounting holes.
- R:** Distance between mounting holes.
- S:** Distance between mounting holes.
- T:** Distance between mounting holes.
- U:** Distance between mounting holes.
- V:** Distance between mounting holes.
- W:** Distance between mounting holes.
- X:** Distance between mounting holes.
- Y:** Distance between mounting holes.
- Z:** Distance between mounting holes.

- Pret: 31 715,59 lei (TVA inclus)
