**DAR LIGHTING GROUP PLAFONIERA NAKITA 6 LIGHT SEMI FLUSH
POLISHED CHROME WITH CLEAR/OPAL GLASS**

The NAKITA 6 Light Semi Flush ceiling light is finished with a polished chrome frame with 6 heavy clear glass shades surrounding the G9 lamps. The decorative one piece glass shade has an opal white inner ball surrounding the G9 lamp and is encased in a clear glass ball. The 6 lights are capable of a great light out-put and the graceful curving arms give a generous diameter of 60cm which ensures the light spill covers a larger area. Combined with a height of just 16cm make this a great choice for larger rooms and low ceiling areas. The NAKITA 6 Light Semi- Flush ceiling light with its soft, sweeping profile and double glass shades blends easily with many interior styles from the more contemporary town house to the relaxed easy living style seen in many show homes. It will add a touch of discrete luxury to modern or traditional settings and is a great choice for the living room or bedroom and will easily illuminate a stair well or hall way and has a matching wall light. It is part of our featured collections lighting for low ceilings. LED Lamps for the full range. Measurements H16 x O60cm

Fixing Plate Dimensions H3 x O10cm
