sens giratoriu Tehodor Pallady-
Autostrada Soarelui), Catelu, Ilfov
Banca: BRD
IBAN: RO34BRDE441SV13182234410

IEK CLEMA BARA PENTRU C-PROFILE DIAMETRU CABLU 22-30MM

C-profile cable clamp is designed to create orderly conductor distribution systems in electrical panels and hold wires with a C-profile rail, for securing cables to mounting traverses and cable rails with EMC contact. Helps relieve the weight of heavy wires from connections and contacts, providing additional assembly reliability. Also suitable for fixing wires on the corresponding profile of cable carrier systems and trays. Structurally, the clamps are made of galvanized steel, with a mounted plastic holder made of non-combustible plastic. Easy and quick installation without special tools.

Special plastic holder prevents wire damage during operation.

Wide product range covers most of the applied conductor cross-sections. Max. conductor cross section: 707

Ambient temperature: -40...+60

Nominal voltage: 230/400

Width: 39

Height: 88

Depth: 40

Busbar thickness: 22...30

Busbar width: 22...30

Suitable for: EV000154

Max. rated operation current Ie: -

Pret: 0,00 lei (TVA inclus)
