

Furnizor: **Sc Trivolt Distribution SRL**  
Reg. com.: J23/3300/2016  
CIF: RO36421140  
Adresa: Strada Apusului nr 3 ( primul  
sens giratoriu Tehodor Pallady-  
Autostrada Soarelui), Catelu, Ilfov  
Banca: BRD  
IBAN: RO34BRDE441SV13182234410

#### **IEK TERMINAL CLIPS PENTRU BUSBAR ZSHI 70-120 MM2 5 MM**

Multipurpose clamps (terminals) are designed to connect conductors with cross-sections from 1 to 185 mm<sup>2</sup> to flat copper and aluminum buses with a thickness of 5 or 10 mm for subsequent removal of voltage on the installed equipment. The use of open terminal block makes the process of connection of conductors as simple and fast as possible. The clamps are made of galvanized steel, they provide protection against temperature influences. An additional spring plate provides a secure clamp on the busbar and significantly reduces the "self-unscrewing effect". Max. conductor cross section: 120  
Branch conductor section: 70...120  
Ambient temperature: -45...+85  
Busbar thickness: 5  
Busbar width: 5...120  
Suitable for: EV009241  
Max. rated operation current I<sub>e</sub>: 440  
Pret: 16,36 lei (TVA inclus)
