IEK CORRUGATED PVC PIPE WITH A BROACH TOOL D 50 (15 M)

Corrugated pipes are used for laying power and low-current lines of concealed type inside the buildings and structures. Due to the flexibility of the pipe, cable laying is carried out with minimal effort and requires virtually no additional accessories. PVC corrugated pipes meet TU 2248-002-18461115-2010 technical specifications. Excluding fires at short circuits.

Additional protection of the wiring system from mechanical damage.

Pipe material serves as perfect electric insulator.

Flexibility of pipes ensures quick and convenient installation with a minimum number of accessories.

Cabling procedure is facilitated by the presence of a broach tool. Degree of protection (IP): EV006415

Colour: EV000270

RAL-number: 7035

Outer diameter: 50

Material: EV000163

Operating temperature: -15...60

Compressive strength: 350

Nominal diameter: 50

Inner diameter: 40.1

Bending strength: EV000995

Corrugation width: 4.0

Corrugation pitch: 6.0

Weight of the 1st linear meter: 192

Wall thickness: 0.6

Pret: 0,00 lei (TVA inclus)
