The lamp will appeal to the taste of modern style lovers, dominated by modern solutions. The metal composition is in the form of a circle and can fit up to 3 light sources.

The lamp is perfect for arranging a living room, kitchen or dining room. It is also a perfect solution in a corridor or small bedroom. It wonderfully refreshes the arrangement and adds lightness. It is a

subtle decoration that does not dominate the rest of the furnishing. The matte, anthracite finish blends very well with concrete elements and the lush greenery of plants.

However, home is not the only place where MELODY can please the eye. It can be successfully used in commercial spaces, such as restaurants and cafes, finished in a modern style.

A characteristic element of the MELODY lamp is the lampshade pattern resembling the repeating letter N. With the numerous cutouts, the light can freely come out. In lamps where the light source is visible, it is best to use a FILAMENT-style bulb that combines advanced LED technology with beautiful decorative lighting. The modern shapes of bulbs in this style are a decorative element even with the lights turned off. The combination of a classic style with an energy-saving solution is not only an effective element of interior furnishing but also the best solution for the environment. Modern, light and subtle design that does not dominate the entire furnishing;

The unconventional shape fits both the living room, dining room, and kitchenette in a modern interior - adjustable slings with the max. length of 150 cm allow it to be hung from the ceiling and above the table at the eye level of the household members;
