KATANI fixture was designed for additional bathroom lighting, mounted above the mirror. Thanks to its universal design and popular colours, it will look good in almost any arrangement.

The lamp emits light with a neutral colour temperature, so it does not affect the perception of the surrounding colours. The milky cover gently softens and evenly diffuses the light. IP44 protects the power supply system against splashes and increased air humidity; Indoor use only;

Wide beam angle of up to 120°. Producent code LD-KAT400-01

Pret: 0,00 lei (TVA inclus)
