**DAR LIGHTING GROUP PLAFONIERA EYDIE 5 LIGHT SEMI FLUSH  
MATT BLACK ANTIQUE BRASS**

The EYDIE 5 Light Semi-Flush Ceiling Light is finished in matt black with antique brass detail on the vintage styled lamp holders. A key feature of this ceiling light is that the arms are made from flexible tubing covered in black braid, which can be bent into many different shapes. This allows the light to be directed exactly where it is required at any time and can be changed easily by bending the arms into a different shape if a different look and light direction is required. The EYDIE 5 Light Semi-Flush will add character and personality to any kitchen, living room, hallway or work space. As this ceiling light carries 5 lamps, for a compact size, it can give a great level of lighting for work areas and is especially useful for throwing light into darker corners or areas that suffer from shadowing. Alternatively when used with vintage style golden glow lamps it can provide an excellent level of warm cosy background lighting. It is part of our featured collections Refined Industrial. The EYDIE 5 Light ceiling light takes a GLS E27 60W lamp. We recommend using one of our highly efficient dimmable LED vintage style lamps available in both a warm golden glow or a brighter clear light. The image shows the LED RUSTIKA clear lamp. Each lamp is 4W (equal to 62W) BUL-E27-LED-15. Take a look at our LED Lamps for the full range. Measurements H min39 - max40 x O60cm  
Fixing Plate Dimensions H2.5 x O11cm  
Finish Matt Black,Antique Brass
