WIHA SLIMVARIO® ELECTRIC ADAPTER / 59

Description
For electrical installations, it is important to work with insulated tools so as not to endanger your own safety. Thanks to the nut driver adapter, Wiha's speedE® and slimVario® handles can also be combined with nut drivers for fastening screws. The adapter mount with ball clamp ensures that nut driver inserts are quickly and easily replaced. The insulated adapter is subject to individual piece testing as per the international IEC 60900 standard, thus ensuring safe work on live parts up to 1,000 V AC when combined with insulated Wiha nut drivers.

Application
In combination with speedE® and slimVario® handles as well as nut driver inserts for fastening hex screws. For working on ??live parts up to 1,000 V AC.

Note
Only compatible with insulated slimVario® handles and the e-screwdriver speedE®.

Greutate:54g
Pret: 104,07 LEI (TVA inclus)
