WIHA T-HANDLE INSULATED FOR NUT DRIVER 200 MM | 1/2" MM

Description
During electrical installation tasks, it is important to work with an insulated tool in order to ensure your own safety. This is where the Wiha T-handle with nut driver adapter comes in. Its insertion with ball clamp enables the quick and easy replacement of nut driver inserts. Thanks to the T-handle adapter, even deep-set screws can be reached effortlessly. The insulated T-handle is subject to individual piece testing as per the international IEC 60900 standard, thus ensuring safe work on live parts up to 1,000 V AC.

Application
Used in combination with Wiha nut drivers for fastening deep-set hex screws. For work in the area of live parts up to 1,000 V AC.

Greutate:570g
Pret: 175,74 LEI (TVA inclus)
