WIHA BIT SUBTIRE 6IP | 75 MM

Description
When combined with speedE®, slimVario® and TorqueVario®-S electric tools, the insulated slimBits can effortlessly reach even deep-set screws and spring elements thanks to the Wiha slimTechnology specially developed for electrical applications. This is made possible by the protective insulation fully integrated into the front section of the bit. The slimBits undergo routine individual piece testing as per the international IEC 60900 standard, allowing users to work safely on live parts up to 1,000 V AC.

Standards
Manufactured acc. to IEC 60900.

Application
For working on live parts up to 1,000 V AC. Ideal for handling screw and spring elements.

Greutate:8g
Pret: 42,98 LEI (TVA inclus)
