WIHA INTERCHANGEABLE ELECTRIC BLADE 9,0 MM | 136 MM

Description
Safety is the top priority when users are working on live parts. In combination with the insulated Wiha torque screwdriver T-handle TorqueVario®-S electric, the interchangeable blade electric enables controlled fastening and loosening of screws. The insulated interchangeable blade is subject to individual piece testing as per the international IEC 60900 standard, thus ensuring safe work on live parts up to 1,000 V AC.

Blade
High quality chrome-vanadium-molybdenum steel, through hardened, black-finish.
Insulation moulded directly onto blade.

Standards
Manufactured acc. to IEC 60900.

Application
In combination with the Wiha torque screwdriver with T-handle TorqueVario®-S T electric, it is ideal for controlled fastening of predefined torques for tasks such as industrial assembly work.

Note
Only compatible with Wiha torque screwdriver with T-handle TorqueVario®-S T electric

Greutate:60g
Pret: 76,68 LEI (TVA inclus)
