

**LEGRAND\* HEAT DETECTOR - PENTRU FIRE ALARM PANEL - SUPPLIED CU BASE**  
**- THRESHOLD OF 60 °C**

Caracteristici tehnice

Automatic sensors for fire detection and alarm panels

Heat sensor

Conform to EN 54-5 standard and CE CPR approved

Detects temperature rise with threshold of 60°C

Average detection area: 30 m<sup>2</sup>

Supplied with its standard base

Caracteristici generale

Fire detection and alarm panels, automatic sensors

Pret: 362,82 LEI (TVA inclus)
