Caracteristici generale

Home network - create your enclosure

This modular multimedia system fits in any DIN cabinet (easy plug) and in a 19" cabinet with the multi-application DIN rail kit

It enables distribution in the home of phone, data, internet on RJ 45 and TV over coaxial

Each RJ 45 can be assigned to a different application via patch cords, using the same network, therefore giving maximum flexibility

Aesthetics and look of the enclosure designed to give maximum satisfaction

No visible cable or patch cords

Using RJ 45 connectors ensures solid networks over time and reduces maintenance
