

IEK END STOP (LIMITER WITH MARKING) ON DIN RAIL

It is used for fixing terminal assemblies and modular equipment, circuit breakers, and other products on the DIN rail. By installing the marking plate holder, it is also used for marking and visual separation of rows. Mounted on DIN rail an omega or G-type The insulating housing is made of elastic and impact-resistant fire-resistant polyamide, which has excellent resistance to aggressive environments and temperature.Reliable installation and easy disassembly on the DIN rail due to the convenient design.Colour: EV000270
Mounting method: EV005503
Type of latching: EV005489
Material: EV000139
Inflammability class of insulation material acc. with UL94: EV004429
Width/grid dimension: 8
Material quality: EV000402
Pret: 1,36 LEI (TVA inclus)
