

IEK TERMOCONTRACTIBIL KNN-10 3X150/240CU IZOLATIE DIN HARTIE

Cable end couplers for indoor installation of KVtp-10C mark and for outdoor installation of KNtP-10 mark are designed for connection of consumers to the electrical supply network using 3-core power cables with paper insulation with armor and without armor for voltages up to 10 kV AC, 50 Hz. According to its characteristics, the couplers meet the requirements of GOST 13781.0. The couplers are designed for mounting on cables, type AAG-10, AAShV-10, AAVI-10, AAPI-10, ASG-10, ASVShV-10, SG-10, SShV-10, SVShV-10, SV-10, SVG-10, their analogues and modifications. Wide range with several options of complete set of couplings: without lugs, with lugs bolted with shear heads.

Reliable design of couplings using special heat-shrinkable oil-resistant tubes.

Absolute tightness of couplings due to the use of high-quality heat-shrinkable materials.

Manufacturer's marking on all components. Suitable for: EV009729

Model: EV004267

Voltage row: EV004261

Nominal cross section: 150...240

Type of insulation material: IEK_V0000183

Installation Type: IEK_V0000185

Complete set: IEK_V0000188

Number of cores wiring: 3

Tip Type: IEK_V0000190

Attachment of the grounding bus to the cable: EV000764

Nominal voltage: 10

Material: IEK_V0000193

Min full shrinkage temperature: 120

Operating temperature range: -45...+50

Shrink rate: EV009535

Grounding bus Material: EV004186

External grounding bus attachment: IEK_V0000194

Number of conductors: 3

Pret: 385,79 LEI (TVA inclus)
