

IEK CLIP SELF-ADHESIVE KC-10 NEGRU (24 PCS)

Self-adhesive clips SC manufactured by IEK are designed for attaching wires or cables to surfaces during electrical works. Fixing the pad to the surface in one hand is due to a layer of non-hardening adhesive composition (adhesive) and a clip on the other to fix the cable or wire. Self-adhesive clips are made of high-strength polyamide (nylon) 6.6.Convenient clips to secure the wires.
The clip mechanism is suitable for multiple use.
Unique adhesive base, thanks to which the clip is held on the surface without the help of a nail or screw.Material: EV000139
Model: EV000116
Nominal diameter: 10
Type of fastening: EV003046
Number of cables/conduits: 1
Colour: EV000206
Ambient temperature: -10...+65
Pret: 25,73 LEI (TVA inclus)
