

IEK MOUNTING HELIX SM-24-20 10M/PACKING

It is intended for joining electric cables into routes, tying in bundles, layout of wires as well as protecting the cables from friction and mechanical damage. The helix provides for secure and careful connection of wiring inside the cable ducts, metal trays and distribution boxes. Mounting helix of SM type is made of high-pressure polyethylene with addition of components preventing combustion.Accuracy and reliability of wiring inside cable channels, metal trays and distribution cabinets.
It is made of high-pressure polyethylene with the addition of components that prevent combustion.Model: EV009737
Material: EV000139
Material quality: EV009984
Width: 19.6
Length: 10000
Thickness: 2.00
Colour: EV000202
Diameter fixed wire bundles: 20...130
Max. bundle diameter: 130
Band closure: EV010095
Outer diameter: 24
Inner diameter: 20
Text strip: EV000494
Type of fastening: EV000154
Length belt/tape/tie: 10000
Tie thickness: 2.00
Band width: 20.0
Pret: 74,26 LEI (TVA inclus)
