IEK BRIDA METER EXPERT 266F

The current clamps allow for contactless measurements of currents with high accuracy, without interrupting current supply to consumers. IEK digital multimeters and current clamps meet requirements of GOST R 52319 (IEC 61010-1) for instruments safety and GOST R 51522.1 (IEC 61326-1), GOST R 51522.2.2 (IEC 61326-2-2) for EMC.Well-balanced range of products that satisfies demands of both professionals and amateurs.
Enhanced set of accessories ensures that instrument is ready for work right after purchase.
Check of measurement accuracy.Indication: EV005572
Measuring range selection: EV000243
Current measurement range, DC: -
Current measurement range, AC: 00...1000
Type of current: EV000385
Pliers opening: 50
Measuring circuit category: EV007168
DC Voltage: 2...200...1000
AC Voltage: 200...750
Resistance measurement range: 2 ???
Max display reading: 1999
Measurement method: IEK_V0000375
Measurement time: 2...3 ???? ? ???????
Enclosure insulation: IEK_V0000374
Ambient temperature: 0...40
Width: 230
Depth: 90
Height: 37
Frequency measurement range: 0...2000

Pret: 117,92 LEI (TVA inclus)
