

GTV LAMPA TAVAN - CEILING FIXTURE DIU ,3598, AC220-240V,50/60HZ,1*E27, IP20,15CMX15XMX20CM,SINGLE, BLACK

Geometric shapes in interior design have accompanied us since the 1960s, and they have been a real hit in many arrangements for the last few seasons. Geometric lamps allow you to introduce greater dynamism to the interior, especially when they are used asymmetrically, they make it possible to create the original, full of energy, and bold expression interior.

DIU ceiling lamp is a minimalist decoration of industrial, loft and modern interiors! It can be successfully hung in a hall, a living room, a kitchen or a bedroom, and due to a decorative, smoked filament bulb, a stunning effect is obtained.

A variant for one light source hung above the table in a pub, restaurant or cafe will create an intimate atmosphere for people sitting at the table. Modern design

Adjustable length of the cable

Perfect combination with a smoked light source

Middle size lamp for one E27

light source. Power of light source or device max.40 W
