

GTV LAMPA TAVAN - CEILING FIXTURE MAVIA , 1747,AC220-240V,50/60HZ,1*E27, IP20, DIAMETER 20 CM,SINGLE, BLACK/RED

Due to the variety of colours, MAVIA will appeal to the taste of teenagers, which can be really complicated. It is worth matching the new decor with the preferences and interests of the young person and making sure that a

planned arrangement does not get boring too quickly. The final effect should be adjusted to the character of a teenager, original and functional at the same time – enabling comfortable rest and learning.

Red colour is not very popular in interiors. It is a

bright, even aggressive colour, it can overwhelm and dominate the entire arrangement. However, this does not mean that we have to avoid it. It will match perfectly into halls, dining rooms, kitchens, youth rooms, i.e. all those places where social life carries on. A black lampshade with red interior is an energizing addition to the interior design;

A metal structure with smooth edges;

Middle size lamp for one light source E27

– the diameter of the lampshade is 16 cm. Power of light source or device max.40 W

Weight 680 g
