

GTV LAMPA TAVAN - CEILING FIXTURE TILIA,7849,AC220-240V,50/60HZ,1*E27, IP20, DIAMETER 35 CM,SINGLE,BLACK

A modern, decorative ceiling lamp that is a combination of loft and industrial styles. It is original, effective and immediately catches the eye, introducing a

unique atmosphere. An effective wire lampshade is one of the most fashionable designs on the market, very popular among interior architects.

TILIA fixture will be an ideal decorative element complementing the decor of a living room, a

kitchen or a

dining room. It will be perfect especially in rooms with not many additions, minimalist. Its height is adjustable, so it can be adjusted to both high and low rooms.

The openwork structure of the fixture exposes a

light source that is why in this case we recommend using LED light source with decorative filaments.

Modern designs of light sources in this style are a

decorative element even when the light is turned off. A metal lampshade matches perfectly rooms in loft and modern styles;

The unconventional shape of the lampshade is a form of room decoration;

Elegant and fashionable black colour will introduce subdued, modern elegance to any home;

The wire structure not only gives the lamp originality and unconventionality but also after turning on the lamp, it causes that the emitted light creates a beautiful effect;

Middle size lamp for one light source – the diameter of the lampshade is 35 cm. Power of light source or device max.40 W
