

GTV SPOT - CEILING SPOT LIGHT FIXTURE PALACE II, IP20, ROUND, WHITE

Palace point ceiling luminaire – glass lighting in glamour style The Palace point ceiling luminaire is an exceptionally elegant spot lighting, which, in addition to caring for the practical aspect, decorates the interior with its original form. Ceiling spot lighting has been designed for glamorous interiors. It works wherever good style must go hand in hand with functionality. Fits elegant offices, restaurants, cafes and home interiors. Refined in small details, the point ceiling luminaire adds space not only to light, but also to a stylish finish.
The Palace point ceiling luminaire is available in different visual variants for different needs – with a circle and square base. Made of glass, the frame beautifully reflects light reflections, creating an original, illuminated circle on the mounting surface. There are also two color options to choose from – graphite and transparent. In each of the variants, it looks stylish, elegant and adds tinsel to the space. Mounting hole – 60 mm. Material glass
