

GTV SPOT - CEILING SPOT LIGHT FIXTURE PARMA II, IP20, ROUND, WHITE

Parma II LED ceiling spotlight – functional illumination
The Parma II ceiling spotlight is a
simple spotlight model with an uncomplicated design. The Parma II ceiling fixture is designed for a subdued and casual visual effect.
Thanks its small size, the spotlight allows numerous compositions to be created in any quantities of this product grouped together. The spotlight is available in two functional options – with or without adjustable light beam angle.
The Parma II ceiling spotlight is made from high-quality steel. Refined accents ensure the durability and reliable quality of these spotlights. With its simple design, this flush-mounted ceiling fixture fits smoothly into a
variety of design styles – from minimalist to modern or loft and even the classic ones. For an easier aesthetic match, the spotlight is available in 5
colour options: chrome, black chrome, white, satin, and old gold. The refined shape with its chamfered side makes the spotlight visually blend in with the surface on which it is installed. Material STEEL
