

**GTV CORP DE ILUMINAT PENTRU EXTERIOR - GARDEN LUMINAIRE LONDON
LED,10W,720LM,IP54,AC220-240V,50/60HZ,4000K,WALL LAMP, BLACK**

London garden fixtures are a stylish and modern solution for lighting outdoor spaces. They consist of two posts of different heights, 58 cm and 78 cm, and a wall lamp, which together create a coherent and aesthetic set.

These luminaires are equipped with energy-saving LEDs that emit neutral light with a colour temperature of 4000K. Thanks to this, they will create a pleasant atmosphere and perfectly illuminate the surrounding, ensuring comfort and safety during evening walks or outdoor meetings. Luminous flux is 720lm. It will effectively illuminate larger areas.

Each of the lamps has an IP54 rating, which means that they are resistant to dust and moisture, which is necessary in outdoor conditions. Thanks to this, London garden luminaires are not only stylish, but also durable and resistant to adverse weather conditions.

The body of the fixtures are made of aluminium, which gives them an elegant and modern look, while ensuring solidity and durability of the structure. Aluminium is also lightweight and easy to clean. The series of London garden luminaires is an excellent choice for those who are looking for modern and minimalist outdoor lighting. Their high quality, energy efficiency, IP54 rating and beautiful design make them perfect for various garden spaces, terraces or paths, creating a pleasant atmosphere. Stylish and modern design
