

**GTV SPOT - SENSEA AQUA CEILING LAMP, ALUM, 85×115, IP54, MAX 50W,  
CIRCULAR, WHITE**

Ceiling tubes have been dominating the modern interiors for many seasons. They are eye-catching in their shape and colour and at the same time provide decorative lighting of selected spots or details. SENSEA AQUA can be successfully used as the main lighting in the bathroom. Safe use is ensured by the increased IP54

moisture protection. With its universal colour palette, the luminaire can be incorporated into almost any interior;

It can be installed in interiors with high humidity;

Dedicated to light sources with MR16

cap. Material aluminium/cast iron
