

GTV CORP DE ILUMINAT APLICAT PERETE - WALL LUMINAIRE CAMPIONE II, G9, IP20, MAX. 40W, IP20, MAX. 250V, 50/60 HZ, ROUND, WHITE

Campione wall lamp fixture – one style, many possibilities
The Campione LED wall fixtures are a
modern collection of lights for homes, offices and all interiors where class, style and elegance are important. The minimalist form with modern lines adds character to the interior design by subtly decorating it, while fulfilling its functional task of spotlighting the area of choosing. The lamp fixture has a
built-in G9
socket.
The Campione wall lamp – although it has extremely simple lines – offers quite a
wide range of choices in designing interior lights. It is because the spotlight is available in two basic options – circular and rectangular – and two colour versions – elegant flat black and subtle flat white. There is more, however…
The Campione LED light spots cast light in opposite directions and can be installed vertically with the light beams reaching up and down, or horizontally with the light beams cast along the wall. The delicate, almost filigree lenses in both versions make a
great impression and add charm to the interior design.
Fixture with upward and downward light beams
Built-in G9
socket. Decorative fixture for modern interiors;
